

## DESIGN

### 1. WINDOW CHOICES WIDEN

The Andersen E Series of windows offers more than 60 colours of durable aluminum cladding on the exterior and any of 10 species of wood for the interior. Recent options include the choice of 10 painted interior finishes direct from the factory. Various styles (double-hung, awning, casement, etc.) and sizes are available; see them at [www.andersenwindows.com](http://www.andersenwindows.com).

### 3. A NEW ANGLE ON VANITIES

This au courant collection from Godi is going geometric. It boasts 3D contouring and abstract shapes with clean-lined appeal. A vibrant high-gloss finish, crystal-white quartz countertop and such features as hidden side shelving and built-in LEDs in the mirrors make it both attractive and highly functional.
